

天津职业技术师范大学

Tianjin University of Technology and Education

Admission Brochures for International Students

Brief Introduction of TUTE

Tianjin University of Technology and Education (TUTE), founded in 1979, is the first normal universities focusing on cultivating teachers for vocational schools in China. TUTE sticks to the educational philosophy of “Hand and Mind, All-round Development” with its mission of training highly qualified vocational teachers for the country. To meet the market demand, TUTE also focuses on cultivating applied technicians for the society. Since 1990s, the university initiates a new cultivation pattern of “Double-Certificate System” to cultivate talents. “Double-Certificate” refers to the degree certificate and the national technical qualification certificate, which the students get upon graduation. With this distinctive teaching model, the university has won twice the first Prize of National Teaching Achievements Award. It is the only one local university cooperated by China Central Government and Tianjin Municipality.

TUTE started to enroll international students since 1993. It has long been qualified to recruit students under various scholarship programs, including Chinese Government Scholarship, Confucius Institute Scholarship and Tianjin Government Scholarship. The scale of international students has expanded continuously since 2003. TUTE enrolls nearly 1,000 international students from more than 70 countries for both short-term and long-term study yearly. Currently there are undergraduates and postgraduates from more than 32 countries, including Ethiopia, Thailand, Laos, Uzbekistan, Tanzania, Pakistan, Vietnam, Guinea-Bissau, Malaysia, etc. are studying at TUTE.

TUTE has more than 18,000 full-time students at the levels of undergraduate, postgraduate and PhD in 7 disciplines of engineering, education, science, management science, economics, literature and art, with 46 undergraduate programs. In addition, TUTE owns some international research organizations, such as World Skills Competition China Research Center, Center of African Union Studies, Association of Universities (colleges) of Applied Sciences and The Transformation of Native Colleges Development Research Center, and International Education Aid Centre of Ministry of Education etc.

The transportation around TUTE is very convenient, with bus stations, subway stations around. It takes 40 minutes from TUTE to Tianjin Railway Station, or Tianjin West Railway Station by subway or bus, and 30 minutes to Tianjin Binhai Airport by taxi. Also, it only takes 35 minutes by intercity between Tianjin and Beijing, the capital of China.

Criteria & Eligibility

1. Applicants must be non-Chinese citizens and be in good health.

2. Educational background and age limit:

- Applicants for undergraduate programme must have senior high school diploma with good academic performance and be under the age of 25, and applicants for Tianjin Government Scholarship should be under the age of 30.

- Applicants for master's degree programme must have bachelor's degree and be under the age of 35.

- Applicants for Chinese language training programme must have senior high school diploma and be under the age of 35. Chinese language is the only available subject.

3. For applicants of Chinese-teaching program, their Chinese proficiency must reach level 4 under Chinese Language Proficiency Scales For Speakers of Other Languages.

4. Applicants of English-teaching program should be from countries using English as their official or mother language, or major in English, or have such English proficiency as 5.5 and above under IELTS or 80 and above under TOEFL.

Application Time

The applicants send the application materials to the International Exchange Office of Tianjin University of Technology and Education. The application time is from March 1st to May 15th .

Application Documents

Only scanning copy of below documents are needed if there is no extra statement. All documents should be filled or manifested in Chinese or English. An notarized copy of Chinese or English translations must be submitted for documents in other languages.

- **Application form for study in China.**

- **Notarized highest diploma.**

- **Notarized Academic transcripts of highest education.**

- **Certificates of language proficiency.**

- **Study or research plan** that no less than 800 words.

- **Two letters of recommendation** in Chinese or English from professors or associate professors for master applicants.

- **Foreigner Physical Examination Form** (Download from <http://www.csc.edu.cn/Laihua>), and Blood Test Report. The medical examinations must cover all the items listed in the Foreigner Physical Examination Form. Incomplete records, those without the signature of the attending physician, the official stamp of the hospital or a sealed photograph of the applicants are invalid. Please select the appropriate time to take medical examination as it is valid for only 6 months.

- **Personal information page of passport**

Degree Program

Bachelor's degree (Four years)

Advanced students (Half year to Two years)

Departments	Specialties
School of Mechanical Engineering	Mechanical Design, Manufacturing & Automation, Intelligent Manufacturing Engineering, Welding Technology & Engineering, Mechanical and Electrical Technology Education, Materials Shaping and Control Engineering, Robotics Engineering, Industrial Design
School of Automation and Electrical Engineering	Electrical Engineering and Automation, Automation Measurement & Control Technology and Instrumentation
School of Information Technology and Engineering	Computer Science & Technology, Educational Technology, Network Engineering, Software Engineering, Digital Media Technology
School of Electronics Engineering	Communications Engineering, Electronic & Information Engineering, Microelectronics Science and Engineering, Electronic Science & Technology, Opto-Electronics Information Science and Engineering
School of Automobile and Traffic	Vehicle Engineering, Communications and Transportation, Automobile Service Engineering
School of Science	Mathematics & Applied Mathematics, Information & Computing Science, Applied Physics
School of Vocational Education	Pedagogy, Applied Psychology
School of Economics and Management	Monetary Finance, Electronic Commerce, Human Resource Management, Logistics Management, Financial Accounting Education, Credit Management

School of Foreign Languages	Teaching Chinese to Speakers of Other Languages
School of Arts	Animation, Product Design, Visual Communication Design, Art and Technology

Master's Degree (Three years)
Senior Advanced Students (Half year to Two years)

Departments	Specialties
School of Mechanical Engineering	* Mechanical Manufacture and Automation, *Mechanical Design and Theory, Mechatronic Engineering, Materials Science and Engineering
School of Automation and Electrical Engineering	* Control Theory and Control Engineering, Detection Technology and Automation Devices, Pattern Recognition and Intelligent System
School of Information Technology and Engineering	* Software Engineering, Educational Technology
School of Electronics Engineering	*Signal and Information Process,*Communication and Information System, * Information and Communication Engineering
School of Automobile and Traffic	Vehicle Engineering, Vehicle Operation Engineering, Traffic Information Engineering and Control
School of Science	Fundamental Mathematics, Operational Research and Cybernetics, Computational Mathematics, Applied Mathematics, Probability Theory and Mathematical Statistics
School of Vocational Education	Pedagogical Principles, Studies of Higher Education, Psychology
School of Economics and Management	Management Science and Engineering

NOTE: (*)---instructed in English language

Fees of self-supporting international student

Estimated Costs For Self-financed International Students

1. Application fee: 400 RMB

2. Tuition fee:

Bachelor's Degree: Arts: 15,500 RMB/ academic year

Science: 16,300 RMB/ academic year

Master's Degree: Arts: 20,400 RMB/ academic year

Science: 20,400 RMB/ academic year

General Scholar: Chinese: 12,800 RMB/ academic year

Arts: 14,800 RMB/ academic year

Science: 15,500 RMB/ academic year

3. Skill level exam: 1,000 RMB

4. Learning materials: 500 RMB/ academic year

5. Insurance: 800 RMB/ academic year

6. Accommodation: 70RMB/person/day(single room), 35RMB/person/day(double room)

Including: bathroom, bed, air conditioner, telephone, TV, Internet and so on.

Category and Fees of scholarship international student

- Full Scholarship

The registration, tuition, textbook and accommodation fee are free. The living allowance and comprehensive medical insurance fee are provided.

- Partial Scholarship 1

The tuition and accommodation fee are free. Estimated costs for partial scholarship students.

1. Application fee: 400 RMB

2. Learning materials: 500 RMB/ academic year

3. Insurance: 800 RMB/ academic year

- Partial Scholarship 2

The tuition is free. Estimated costs for partial scholarship students.

1. Application fee: 400 RMB

2. Learning materials: 500 RMB/ academic year

3. Insurance: 800 RMB/ academic year

4. Accommodation: 70RMB/person/day(single room), 35RMB/person/day(double room),

Including: bathroom, bed, air conditioner, telephone, TV, Internet and so on.

- Partial Scholarship 3

The accommodation fee is free. Estimated costs for partial scholarship students.

1. Application fee: 400 RMB

2. Tuition fee:

Bachelor's Degree: Arts: 15,500RMB/ academic year

Science: 16,300 RMB/ academic year

Master's Degree: Arts: 20,400 RMB/ academic year

Science: 20,400 RMB/ academic year

General Scholar: Chinese: 12,800 RMB/ academic year

Arts: 14,800 RMB/ academic year

Science: 15,500 RMB/ academic year

3. Learning materials: 500 RMB/ academic year

4. Insurance: 800 RMB/ academic year

Admission and Notice

TUTE will send Admission Notice and Visa Application for Study in China (JW201 or 202) to the applicants before July 30th. The applicants can apply for visa from China Embassy with these documents.

Facilities on and off Campus

The International Exchange Centre, which began to serve the international students in 2009, is both a living apartment and a hotel. The international students can enjoy a level-3 star hotel service in the centre. The apartment building is surrounded by trees and grass, and is easy to access the playground where students can play basketball, football, tennis, and so on. There is a service zone for students on the campus, including canteen, barbershop, etc. Students can go to the large supermarket near the campus, for dining, shopping and entertainment. It is very convenient to take Tianjin Metro to the downtown. There are also a lot of public buses to the downtown. The university is developing from day to day and the service facility is becoming increasingly better. It has provided a special area for international students' studying and living. International students will enjoy an unforgettable and happy life here. Welcome to TUTE!
